

July 3, 2019

Dear Patients and Friends,

As some of you have heard, there are some changes going on here at Family Health Chiropractic, PC. For starters, I've decided to move our family to Northwest Iowa, and sell Family Health Chiropractic, PC. How's that for news? Now before you cry too hard, there's some good news to go along with this. Dr. Hope Johnston will remain with our office under the new owner. She'll continue to provide exceptional care to you and your family! Dr. Lee Wickwire is the new owner, and our office will be an excellent addition to his current clinics in Marion and Hiawatha. He actually attended Grand Opening in 2008! The current Family Health Chiropractic, PC team will be staying on board with Dr. Hope Johnston, and we are all excited for this next chapter!

I've been thinking about this change for a while now. My spouse is a Superintendent, and we moved our family to Northwest Iowa in May last year. Most all of our family is in Northwest Iowa, and our children are loving their time with cousins and grandparents. After 11 years of service to the Cedar Valley, it is time for me to start another office in a new community. I also want you to keep getting the same caring treatment you've always received here at Family Health Chiropractic, PC. With this in mind I am happy to have Dr. Hope Johnston continuing her wonderful quality of care with us and provide you with 5 Star Quality Care!

Dr. Hope Johnston is originally from Omaha, Nebraska. She worked in an Integrity Doctors office like Family Health Chiropractic, PC after she graduated from Palmer College of Chiropractic, PC in Davenport. She joined us in January of 2019, and several of you have already met her in the office. The response has been overwhelmingly enthusiastic!

If you haven't had the opportunity to meet Dr. Hope Johnston or Dr. Lee Wickwire, we're very excited for all of you to meet them both! We are having an **Open House: July 30 from 7:30 am to 6:00 pm at our office**. There'll be food, beverages, and lots of good cheer. We will have our spinal screening equipment out and will be giving free computerized spinal screenings. Come see what kind of shape your spine is in! You are welcome to bring your family and friends.

I want you to know what a privilege it's been to work with each of you. You've put your trust in me and we've worked together to allow natural healing to occur. You've sent your family and friends and let me into your lives, showing me such kindness. Whether we were successful in assisting you to overcome a health problem or helping you maintain good health, I always felt like we were a team. I want this same teamwork of healing to continue and I feel confident that you'll love Dr. Hope Johnston!

Sincerely,

Dr. Stacy Carlin, DC, CACCP
