Describe your major complaint and what was done to correct your problem prior to seeing Dr. Baron:

I have had back and neck pain since a skiing accident as a teenager. When the pain was severe, I took Motrin - otherwise I just lived with it. I didn't think anything could be done.

How long have you been suffering from this condition and how did this affect your life?

I have had chronic pain for 15 years. It made many things difficult - lifting heavy objects, driving for long distances, even simply sitting at the computer.

How did you hear of Dr. Baron: Dr. Baron was referred by my pastor, and then later, when he became a patient himself, my husband.

Has your problem been helped by Chiropractic, and how has this affected your life? _____

The every day pain is gone! After weeks of therapy followed by rehab, I am able to do things I couldn't before (lift, drive, sit for long periods.) I had one recurrence of severe pain, and

because of improper lifting when putting things in the attic
