ADDITIONAL INFORMATION

Additional information you would like the doctor to know: ________________________________

___________________________________________________________________________________

I certify that all of the information provided is accurate to the best of my knowledge.

Patient/Guardian Signature: ___________________________    Date: ________________
We want you to know how your Patient Health Information (PHI) is going to be used in this office and your rights concerning those records. Before we will begin any health care operations we must require you to read and sign this consent form stating that you understand and agree with how your records will be used. If you would like to have a more detailed account of our policies and procedures concerning the privacy of your Patient Health Information we encourage you to read the HIPAA NOTICE that is available to you at the front desk before signing this consent.

1. The patient understands and agrees to allow this chiropractic office to use their Patient Health Information (PHI) for the purpose of treatment, payment, healthcare operations, and coordination of care. As an example, the patient agrees to allow this chiropractic office to submit requested PHI to the Health Insurance Company (or companies) provided to us by the patient for the purpose of payment. Be assured that this office will limit the release of all PHI to the minimum needed for what the insurance companies require for payment.

2. The patient has the right to examine and obtain a copy of his or her own health records at any time and request corrections. The patient may request to know what disclosures have been made and submit in writing any further restrictions of the use of their PHI. Our office is obligated to agree to those restrictions only to the extent they coincide with state and federal law.

3. A patient’s written consent need only be obtained one time for all subsequent care given to the patient in this office.

4. The patient may provide a written request to revoke consent at any time during care. This would not affect the use of those records for the care given prior to the written request to revoke consent but would apply to any care given after the request has been presented.

5. Our office may contact you periodically regarding appointments, treatments, products, services, or charitable work performed by our office. You may choose to opt-out of any marketing or fundraising communications at any time.

6. For your security and right to privacy, all staff has been trained in the area of patient record privacy and a privacy official has been designated to enforce those procedures in our office. FINANCIAL POLICY

SCHEDULING
- While we do schedule appointments during regular hours (to reduce waiting time for you and others), patients are welcome to stop in at any time. Please be aware, however, that walk-in patients will be seen after all regularly scheduled patients have been treated.
- Although we do not charge for missed or canceled chiropractic appointments, we do request 24 hours’ notice. In consideration of our other patients, we will be unable to schedule further appointments if three consecutive appointments are missed without notification or canceled without 24 hours’ notice.

PAYMENT
- Payment is expected in full at the time services are rendered. We do offer a credit guarantee option for patients who prefer to pay once a week, as opposed to each visit.
- For your convenience we accept cash, checks, Visa, MasterCard, and Discover.
- Should care be discontinued for any reason other than discharge by the doctor, any outstanding balance will become immediately due and payable in full.

INSURANCE
- Our office verifies insurance coverage in an effort to determine chiropractic coverage under your current policy. - The patient/insured is responsible for any portion of the claim not covered by insurance.
- Please remember it that insurance coverage is a contract between you and your insurance company.
- Please provide any secondary insurance information so we may file on your behalf.

REFUNDS
- If there is a credit due, the patient will have the option of using the credit towards future visits or calling the office and requesting a refund.

It is the goal of this office to provide you with the finest quality chiropractic care available. If you have any questions with regard to your health or any of our policies, please let us know. We welcome your referrals and look forward to a doctor-patient relationship that works for our mutual benefit.

I have read and agree to the guidelines of this financial/insurance policy.

Informed Consent

Please read the document in its entirety prior to signing. It is important that you understand the information contained in this document. Please ask questions before you sign if there is anything that is unclear.

A patient, in coming to Hornback Chiropractic and Wellness, PA, gives the doctors permission and authority to care for the patient in accordance with the chiropractic exam, analysis, diagnosis, and treatment of the joints and soft tissues.

As with any healthcare procedure, there are certain complications which may arise during the chiropractic adjustment and other clinical procedures. The chiropractic manipulation and other therapy are usually beneficial and seldom cause any problems. In rare cases, possible complications include but are not limited to: fractures, disc injuries, dislocations, muscle strain, cervical myelopathy, costovertebral strains and separations, and physical therapy burns. Some types of manipulation of the neck have been associated with injuries to the arteries in the neck leading to or contributing to serious complications, including stroke. Some patients will feel some stiffness and soreness following the first few days of treatment. We will make every reasonable effort during the examination to screen for contraindications to care; however, it is the responsibility of the patient to make it known, or to learn through health care procedures whatever he or she is suffering from: latent pathological defects, illnesses or deformities which would otherwise not come to the attention of the doctors.

Fractures are rare occurrences and generally result from some underlying weakness of the bone which is screened for during the consultation, examination, and x-ray. The incidences of stroke are exceedingly rare and are estimated to occur between once in one million and once in ten million cervical adjustments. Once in a million is about the same chance as getting hit by lightning, once in ten million is about the same chance as a normal dose of aspirin or Tylenol causing death.

Other treatment options for your condition may include:

- Self-administered, over the counter analgesics and rest
- Medical care and prescription drugs such as anti-inflammatory, muscle relaxants, and pain killers
- Hospitalization
- Surgery

Remaining untreated may allow the formation of adhesions and arthritis and reduce mobility which may set up a pain reaction further reducing mobility. Over time this process may complicate treatment making it more difficult and less effective the longer it is postponed.

I have read or have had read to me the above informed consent and I understand that if I am accepted as a patient by the doctors at Hornback Chiropractic and Wellness, PA, I am authorizing them to proceed with any treatment that may be necessary. Any questions I have had regarding these procedures have been answered to my satisfaction prior to my signing the consent form. I have made my decision voluntarily and freely.

Attorney’s Name (Print)
I, the undersigned patient/insured knowingly, voluntarily and intentionally irrevocably assign the rights and benefits of my automobile Insurance, also known as Personal Injury Protection (hereinafter PIP), Uninsured Motorist and Medical Payments policy of insurance to the above health care provider. I understand it is the intention of the provider to accept this assignment of benefits in lieu of demanding payment at the time services are rendered. I understand this document will allow the provider to file suit against an insurer for payment of the insurance benefits or an explanation of benefits and to seek §627.428 damages from the insurer. This assignment of benefits includes transportation, medications, supplies, overdue interest and any potential claim for common law or statutory bad faith/unfair claims handling. If the insurer disputes the validity of this assignment of benefits then the insurer is instructed to notify the provider in writing within five days of receipt of this document. Failure to inform the provider shall result in a waiver by the insurer to contest the validity of this document. Failure to inform the provider shall result in a waiver by the insurer to contest the validity of this document. The undersigned directs the insurer to pay the health care provider the maximum amount directly without any reductions & without including the patient’s name on the check. To the extent the PIP insurer contends there is a material misrepresentation on the application for insurance resulting in the policy of insurance is declared voided, rescinded, or canceled, I as the named insured under said policy of insurance, hereby assign the right to receive the premiums paid for my PIP insurance to this provider and to file suit for recovery of the premiums. The insurer is directed to issue such a refund check payable to this provider only. Should the medical bills not exceed the premium refunded, then the provider is directed to mail the patient/named insured a check which represents the difference between the medical bills and the premiums paid.

Disputes: The insurer is directed by the provider and the undersigned to not issue any checks or drafts in partial settlement of a claim that contain or are accompanied by language releasing the insurer or its insured/patient from liability unless there has been a prior written settlement agreed to by the health provider (specifically the office manager) and the insurer as to the amount payable under the insurance policy. The insured and provider hereby contests and objects to any reductions or partial payments. Any partial or reduced payment, regardless of the accompanying language, issued by the insurer and deposited by the provider shall be done so under protest, at the risk of the insurer, and the deposit shall not be deemed a waiver, accord, satisfaction, discharge, settlement or agreement by the provider to accept a reduced amount as payment in full. The insurer is hereby placed on notice that this provider reserves the right to seek the full amount of the bills submitted. If the PIP insurer states it can pay claims at 200% of the Medicare Fee Schedule or any other fee schedule contained within F.S. 627.736 then the insurer is instructed & directed to provide this provider with a copy of the policy of insurance within 10 days. Any effort by the insurer to pay a disputed debt as full satisfaction must be mailed to the address above, after speaking with the office/billing manager and mailed to the attention of the office/billing manager. See Fla. Stat. §673.3111.

EUOs and IMEs: If the insurer schedules a defense examination or examination under oath (hereinafter “EUO”) the insurer is hereby INSTRUCTED to send a copy of said notification to this provider. The provider or the provider’s attorney is expressly authorized to appear at any EUO or IME set by the insurer. The health care provider is not the agent of the insurer or the patient for any purpose.

This assignment applies to both past and future medical expenses and is valid even if undated. A photocopy of this assignment is to be considered as valid as the original. I agree to pay any applicable deductible, co-payments, for services rendered after the policy of insurance exhausts and for any other services unrelated to the automobile accident. The health care provider is given the power of attorney to: endorse my name on any check for services rendered by the above provider; and to request and obtain a copy of any statements or examinations under oath given by patient.

Release of information: I hereby authorize this provider to: furnish an insurer, an insurer’s intermediary, the patient’s other medical providers, and the patient’s attorney via mail, fax, or email, with any and all information that may be contained in the medical records; and for my insurance carrier to send insurance coverage information (declaration sheet & policy of insurance) in writing and telephonically to the above-named provider; request from any insurer all explanation of benefits (EOBs) for all providers and non-reduced PIP payout sheets; obtain any written and verbal statements the patient or anyone else provided to the insurer; obtain copies of the entire claim file and all medical records, including but not limited to, documents, reports, scans, notes, bills, opinions, X-rays, IMEs, and MRIs, from any other medical provider or any insurer. The provider is permitted to produce my medical records to its attorney in connection with any pending lawsuits. The insurer is directed to keep the patient’s medical records from this provider private and confidential. The insurer is not authorized to provide these medical records to anyone without the patient’s and the provider’s prior express written permission. PLEASE NOTE: The insurer is not authorized to release protected health information (PHI) to third party vendors that schedule independent medical examinations or independent medical examination physicians.

Demand: Demand is hereby made for the insurer to pay all bills within 30 days without reductions and to mail the latest non-reduced PIP payout sheet and the insurance coverage declaration sheet, and the insurance policy to the above provider within 15 days, as well as notify the provider pursuant to F.S. 627.736(6)(f) when benefits have been exhausted. The insurer is directed to pay the bills in the order they are received. However, if a bill from this provider and a claim from anyone else is received by the insurer on the same day the insurer is directed to not apply this provider’s bill to the deductible. If a bill from this provider and claim from anyone else is received by the insurer on the same day then the insurer is directed to pay this provider first before the policy is exhausted. In the event the provider’s medical bills are disputed or reduced by the insurer for any reason, or amount, the insurer is to: set aside the entire amount disputed or reduced; escrow the full amount at issue; and not pay the disputed amount to anyone or any entity, including myself, until the dispute is resolved by a Court. Do not exhaust the policy. The insurer is instructed to inform, in writing, the provider of any dispute.

Certification: I certify that: I have read and agree to the above; I have not been solicited or promised anything in exchange for receiving health care; I have not received any promises or guarantees from anyone as to the results that may be obtained by any treatment or service; I agree the provider’s prices for medical services, treatment and supplies are reasonable and customary.

Caution: Please read before signing. If you do not completely understand this document please ask us to explain it to you. If you sign below we will assume you understand and agree to the above.

PATIENT HEALTH INFORMATION CONSENT FORM

We want you to know how your Patient Health Information (PHI) is going to be used in this office and your rights concerning those records. Before we will begin any health care operations we must require you to read and sign this consent form stating that you understand and agree with how your records will be used. If you would like to have a more detailed account of our policies and procedures concerning the privacy of your Patient Health Information we encourage you to read the HIPAA NOTICE that is available to you at the front desk before signing this consent.

1. The patient understands and agrees to allow this chiropractic office to use their Patient Health Information (PHI) for the purpose of treatment, payment, healthcare operations, and coordination of care. As an example, the patient agrees to allow this chiropractic office to submit requested PHI to the Health Insurance Company (or companies) provided to us by the patient for the purpose of payment. Be assured that this office will limit the release of all PHI to the minimum needed for what the insurance companies require for payment.

2. The patient has the right to examine and obtain a copy of his or her own health records at any time and request corrections. The patient may request to know what disclosures have been made and submit in writing any further restrictions of the use of their PHI. Our office is obligated to agree to those restrictions only to the extent they coincide with state and federal law.

3. A patient’s written consent need only be obtained one time for all subsequent care given to the patient in this office.

4. The patient may provide a written request to revoke consent at any time during care. This would not affect the use of those records for the care given prior to the written request to revoke consent but would apply to any care given after the request has been presented.

5. Our office may contact you periodically regarding appointments, treatments, products, services, or charitable work performed by our office. You may choose to opt-out of any marketing or fundraising communications at any time.

6. For your security and right to privacy, all staff has been trained in the area of patient record privacy and a privacy official has been designated to enforce those procedures in our office. We have taken all precautions that are known by this office to assure that your records are not readily available to those who do not need them.

7. Patients have the right to file a formal complaint with our privacy official and the Secretary of HHS about any possible violations of these policies and procedures without retaliation by this office.

8. Our office reserves the right to make changes to this notice and to make the new notice provisions effective for all protected health information that it maintains. You will be provided with a new notice at your next visit following any change.

9. This notice is effective on the date stated below.

10. If the patient refuses to sign this consent for the purpose of treatment, payment and health care operations, the chiropractic physician has the right to refuse to give care.

I have read and understand how my Patient Health Information will be used and I agree to these policies and procedures.

I authorize the use of the signature on all my insurance submissions whether manual or electronic.

Please read the document in its entirety prior to signing. It is important that you understand the information contained in this document. Please ask questions before you sign if there is anything that is unclear.

A patient, in coming to Hornback Chiropractic and Wellness, PA, gives the doctors permission and authority to care for the patient in accordance with the chiropractic exam, analysis, diagnosis, and treatment of the joints and soft tissues.

As with any healthcare procedure, there are certain complications which may arise during the chiropractic adjustment and other clinical procedures. The chiropractic manipulation and other therapy are usually beneficial and seldom cause any problems. In rare cases, possible complications include but are not limited to: fractures, disc injuries, dislocations, muscle strain, cervical myelopathy, costovertebral strains and separations, and physical therapy burns. Some types of manipulation of the neck have been associated with injuries to the arteries in the neck leading to or contributing to serious complications, including stroke. Some patients will feel some stiffness and soreness following the first few days of treatment. We will make every reasonable effort during the examination to screen for contraindications to care; however, it is the responsibility of the patient to make it known, or to learn through health care procedures whatever he or she is suffering from: latent pathological defects, illnesses or deformities which would otherwise not come to the attention of the doctors.

Fractures are rare occurrences and generally result from some underlying weakness of the bone which is screened for during the consultation, examination, and x-ray. The incidences of stroke are exceedingly rare and are estimated to occur between once in one million and once in ten million cervical adjustments. Once in a million is about the same chance as getting hit by lightning, once in ten million is about the same chance as a normal dose of aspirin or Tylenol causing death.

Other treatment options for your condition may include:

- Self-administered, over the counter analgesics and rest
- Medical care and prescription drugs such as anti-inflammatory, muscle relaxants, and pain killers
- Hospitalization
- Surgery

Remaining untreated may allow the formation of adhesions and arthritis and reduce mobility which may set up a pain reaction further reducing mobility. Over time this process may complicate treatment making it more difficult and less effective the longer it is postponed.

I have read or have had read to me the above informed consent and I understand that if I am accepted as a patient by the doctors at Hornback Chiropractic and Wellness, PA, I am authorizing them to proceed with any treatment that may be necessary. Any questions I have had regarding these procedures have been answered to my satisfaction prior to my signing the consent form. I have made my decision voluntarily and freely.
